### Keys: Belvédère and Pichot du Moulin

# Belvédère du Moulin

- Open the little gate on which you will find an antique letterbox.
- Go up the stairs and open the door on the 3rd floor using the key with 3 notchings.
- On the left you will find the entrance to the master suite.

• On the right is the bedroom with 2 beds; one is stored beneath the other

# Belvédère du Moulin

- Go up the interior stairs under which are 2 cupboards. You may use the one on the right.
- You will arrive on the 4th floor, where you will find the main living area
- On the right is the living room
- On the left is the dining room and kitchen, then the stairs leading to the terrace

### Belvédère du Moulin: Dining room

- The table can be extended so that 12 people can sit around it
  - It unhinges by sliding the 2 locks under the glass, at the end of the (see photos).
  - Two people should gently pull the 2 chrome structures
    - The table will extend and you will see 2 extension pieces appear.
    - Place them according to the desired table length.
    - Reset the 2 locks
  - We advise you, when the table is fully extended, to place it diagonally to the dining room (see photo)
- Do not hesitate to use the chairs and armchairs (except rocking chairs) in the Pichot et le Belvédère (if you have rented both!).
- There are tablecloths, place mats and napkins at both Belvédère and Pichot (the grey tablecloth exists in 2 sizes), white and orange sets for the terrace.
- They are stored in a basket in the Belvédère dining room, near the board games.

### Belvédère du Moulin: Kitchen

- From left to right under the stairs:
  - A locked cupboard in which we store our personal belongings – please respect this.
  - A wine cellar in which your favourite beverages can be stored at drinking temperature (room temperature at the top, getting cooler towards the bottom).
  - A Nespresso machine
  - A standart Cafe machine
  - Cupboard (see photos)
  - A fridge-freezer

### Le Belvédère du Moulin: Kitchen (ctd.)

#### From left to right:

- Oven (one page is dedicated to this)
- Induction hob (one page is dedicated to this)
- Microwave (one page is dedicated to its usage)
- A cupboard at ceiling level to open it <u>pull</u> <u>the handle towards you</u>
- At ground level next to the oven is a large dishwasher (1 page is dedicated to this)
- A sink with a tap on the left that provides unsoftened drinking water
- A fizzy water Sodastream machine; feel free to top up the refills (information at the end of the booklet) = fewer bottles to carry!
- Cupboards, drawers ... explore and/or look at the photos

# Pichot du Moulin

- Open the red door
- Enter on the 2<sup>nd</sup> floor; the main living area can be transformed into a bedroom

• On the left is the TV and DVD player and stairs leading down to the Rock's Master bedroom

 On the right the corridor leads to the bathroom, the twin bedroom (one bed is beneath the other) and their washroom.

### Pichot du Moulin: Master bedroom

- Here is the second double room of the house, with a large Tv Screen and the **natural** rocks, (drops of water may come through sometimes).
- Ensuite shower room
  - Double access
    - If you wish, when returning from the beach, you can enter the house by the Belvédère laundry room, leave your towels, beach stuff\_etc there, and shower directly in this shower room.

# **Open and Tilt Open Windows**

 A vast majority of rectangulars singles windows are Open and Tilt Open WIndows. They operate a special way, and it is MANDATORY to come back to the closed position between Open and Tilt Open; if you want to leave windows Open please use the Tilt Open Position.

# Household Linen

- We provide you with linens needed:
  - Complet bed linen.
    - Your beds are made so your vacation starts when you arrive.
  - Bath towels.
  - Hand towels
  - Kitchen linen

# Air conditioning

 Belvédère and Pichot both have a reversible Daikin heat pump (capable of heating or cooling) which is extremely efficient and quiet.

# Air Conditioning: instructions

- All rooms are equiped with an air con machine, operated by a remote control
- The top photo shows what the remote control screen looks like when it is on (shown here in cooling mode)
- The yellow button switches on/off the machine (NB after a beep, it may take approx 1 minute for the machine to get going).
- The arrows on the right are for adjusting the temperature
  - We advise you to use a regular and continuous setting at 23-24 °C during Summer
- The arrows on the left are for regulating the air flow
  - For the living rooms we advise using the automatic setting
  - For the bedrooms we advise using the night setting which is almost silent

- Useful tip: when it's hot outside, close the windows and leave the air con on all night and do not touch it.
- Our brief experience shows that it is possible to leave the air con on when the roof door is open, however remember to close the door!
- Bottom photo : Winter setting with heating (use the MODE button to switch from air conditioning to heating)
- If the Air conditioner does't work properly, it is often because the mode winter summer is on automatic (or not the same mode) on one of the three appliances of an appartement, in that case switch OFF all three appliance of the appartement where there is the problem, then choose the same mode Winter or Summer on each of the three appliances then press ON and after some minutes the A/C should be ok !

# The terrace

- When you are half way up the stairs, push back the 2 latches blocking the access door.
- Next, gently lift the door, aided by 2 strong springs that take some of the weight.
- Please always close the roof door when you are out of the house and at night.

# The terrace (ctd.)

- On the terrace you will find a 2.4 m long table with 2 lamps providing ideal lighting for al fresco dining and relaxing.
  - You will also find 2 plug sockets under the table for any electricals you wish to plug in.
  - Three Australian sails offers a shaded area (please do not adjust).

# The terrace (ctd.)

- The lounge garden
  - We advise you, as soon as the wind picks up or if rain (?) is forecast, to put the cushions under the table or, even better, in the Belvédère dining room; and also when you vacate Belvédère.
- Automatic irrogation
  - As the name suggests!
  - Do not touch!
- You may use the hose
  - Tap as shown in the photo
  - Don't hesitate to add water to plants .

### La Terrasse:

- Terrace lighting
  - Switch on the lamps using the power switch (see photo) to the left of the fridge
- Plancha
  - The plancha is stored on top of the fridge on the terrace; please plug it into one of the 2 sockets near the lighting switch
- NB : please do not use any other cooking apparatus (barbecues are forbidden!) as it is a wooden terrace...
- When you clean the grill, please remember to empty the grease tray
- Please store the plancha when you are not using it and when you leave

### Kitchen: Oven (Sauter SFP 930 X)

#### Cuisson immédiate

 Le programmateur ne doit afficher que l'heure. Celle-ci ne doit pas clignoter (fig.1).

Tournez le sélecteur de fonctions sur la position de votre choix. Exemple : position "Viande Tarte, Poisson" (fig.2).

L'afficheur du four illustre alors le mode de cuisson choisi en animant les éléments qui vont fonctionner (résistance de sole, gril, chaleur tournante,...) > le four se met en marche et le symbole de thermostat s'affiche.

Placez votre plat dans le four selon la préconisation indiquée dans l'afficheur. Exemple : position "Viande Tarte Poisson" -> gradins 1ou 2 conseillés.

Votre four vous propose la température la plus couramment utilisée pour ce type de cuisson. Il vous est cependant possible d'ajuster la température en tournant le bouton de réglage situé sous l'afficheur vers + ou -Exemple : position "Viande Tarte Poisson"

ajustée à 200° (fig.3).

Après ces actions, le four chauffe :

Ces états de l'indicateur de montée en température signalent la progression de la température à l'intérieur du four

Une série de bips sonores retentit lorsque le four atteint la température choisie.

Alternativement, apparaît la température de consigne réglée et la température de la cavité.

#### Attention

Après un cycle de cuisson, la turbine de refroidissement continue de fonctionner pendant un certain temps, afin de garantir une bonne fiabilité du four.

#### Attention

Toutes les cuissons se font porte fermée.

### Attention

Ne pas accrocher de linge ou de torchon à la poignée du four.

### I.T.

- Wifi
  - There are 3 wifi spots at Pichot, Belvédère and on the terrasse, allowing you to « geek » comfortably!
    - Network: Belvedere du Moulin Guest
    - Password
- The first PC: a mini Asus
- A new equipment at the Belvedere:
  - A wifi laser colour printer (Samsung clx-3185fw)
    - Do not abuse it!
  - How to use it:
    - During installation, the printer must be switched ON in order to be detected, and your PC says it is connected to the Belvédère wifi!
    - <u>http://www.samsung.com/fr/support/model/CLX-3185/SEE-downloads</u>
    - You will find the user guide here
    - Click on the left on « drivers »
      - select the universal dirver universel that fits your computer, and the driver should find the printer on the network...
    - You can also use the Driver USB Cable to connect.

# Belvédère's little library!

- The first books have just arrived at Belvédère, we will add to the collection and you may wish to do the same!
- « Touristy » travel guides etc
- A few « practical » books and a few « classics ».
- A few English books!
- Well it's a start!

# Safes:

- We have had several safes installed:
  - We didn't order the most simplistic ones!
- Firstly, their locations:
  - 1st floor: in the cupboard in the master bedroom's ensuite bathroom.
  - 2<sup>nd</sup> floor: in the cupboard in the bathroom.
  - 3rd floor: in the cupboard in the master bedroom.

# Safes:

CORE COR

- How to use them:
  - When you arrive the safes should be open:

(if this is not the case, Carole Guttierez and my parents have a spare set of keys!)

- Open the safe door, put your hand inside and you will find a « Red » button behind the door (which may or may not be visible); I have indicated its position with an arrow. <u>Press it!</u>
- Then <u>enter a 4 digit code of your choice on the keypad followed by « A »</u>; you have now programmed your personal safe code.
- Test: with the door open, <u>enter the code followed by « A » and check that you can manipulate</u> the lock (large black button) of the door.
- If this is the case, close the door, enter the code followed by « A » and lock it with the big black button.
- Same procedure for opening.

### Water: emergency stoppage

Behind the small red door are the meters and emergency stops for Belvédère and Pichot When you leave, please
 <u>do not switch off</u> the water!

# Electricity: Emergency stoppage and switchboards

- 3 electricity switchboards
- Belvédère
  - In the master bedroom
    - In the cupboard between the 2 windows
  - Small auxiliary switchboard in the Belvédère laundry
    - On the left after entering
- Le Pichot
  - In the cupboard just to the right of the entrance

## **Dustbins!**

- Two skips are at your disposal in rue Carnot
- Please take your bin bags to this point...

# For baby! Bed and high chair

- A baby bed and highchair are available
  - You will find them in the laundry room on the 1st floor
  - Please put them back when you leave

### Kitchen on the Terrace

 The plancha and the induction cooker that you will find stored on top of the Belvédère kitchen cupboards are for exclusive usage on the terrace, to be installed above the refrigerator. Take care to empty and clean the grease residue of the plancha, <u>and clean the plaque in the dishwasher</u>. These equipments are NOT waterproof.

## Chairs – Chaises - Stühle
